

March 14, 2019

Dear Vann,

Congratulations to you and your leaders on St. Matthew's House's certification as a 2019 Best Christian Workplace! Your leadership has been foundational in contributing to the significant results in your employees' engagement and healthy workplace culture.

Here at Best Christian Workplaces Institute, we believe that Christian workplaces should set the standard as the best, most effective places to work in the world. We know that achieving this standard involves proactive planning and hard work to attain a healthy workplace culture. Colleagues and employees desire authenticity, accountability, collaboration and innovation from each other and from their leaders. We recognize today that your leadership demonstrates Christ-centered servant leadership (Mark 10:42-45), and we stand with you in your commitment to be a flourishing organization, knowing that you are Christ's hands, feet and witness to your employees and to those you serve through your organization.

We are pleased to be able to add St. Matthew's House's name and link to the BCW Lists of Certified Best Christian Workplaces on our website, and we have provided a certification logo via email to add to your website.

Well done, good and faithful servant,

Al Lopus
President
